
Title: Stormhaven

Author: Shantel Moon

There is a place far
away where knights
still follow a code of
chivalry and fight
against evil. It is a
place where valor is
your sword and honor
your shield, where
maidens are rescued
from dragons and give
favor to their
champions. It is a
land where magic still
lives in all its
mystical glory. It is a
land where adventures
become legends and the
men and women who
live them become
heros. It is a place
where love, truth and
courage is a way of
life. It is a place
called
The Kingdom of
Stormhaven.
